Writing with lemon

Purpose : To show how to write by using lemon juice.

Materials :

- Lemon
- Glass
- A small stick
- A piece of paper
- Bunsen burner or a heat source

Procedure :

A lemon is squeezed and its juice is put into a glass or beaker. Then by using a stick and the lemon juice some letters are written on the paper. If you heat the paper gently you surprisingly see that the letters appear.

Conclusion :

It is observed that it is possible to write with lemon
